

SYLVANIA

DIMMABLE **LED** FILAMENT LAMPS

2016 Collection

Introducing our new Sylvania Dimmable*
LED Filament Lamp collection with
a choice of 6 decorative styles.

FEATURES

- ✦ Beautiful sparkling light
- ✦ 100% retrofit replacement for halogen and incandescent bulbs
- ✦ Beam distribution of 360°
- ✦ Dimmable*
- ✦ Instant on
- ✦ Available in warm white home light 2700K
- ✦ Edison style lamps also available in amber glass and warm home light 2400K
- ✦ Good colour rendering (Ra80)
- ✦ Average rated life 15,000 hours

BENEFITS

- ✦ No compromise replacement for traditional lamps
- ✦ No dark spots in fittings
- ✦ Long life meaning lower maintenance than traditional lamps
- ✦ Significant energy savings compared to traditional lamps
- ✦ Four different base types to suit a wide variety of fittings

APPLICATIONS

- ✦ Traditional and modern style decorative lighting, retail ambience lighting, restaurant and café lighting, domestic home lighting.

Give your traditional light fittings
new life with new Sylvania

DIMMABLE LED FILAMENT LAMPS

LED filament lamps have been increasingly capturing the attention of interior & lighting designers, builders and trend-setting café, bar and home owners. With our new dimmable LED filament range you can combine classic style with new technology, without compromising on performance!

The Sylvania dimmable LED filament lamp collection fuses the old with the new. Whilst these LED filament lamps may look similar to the classic wire filament of incandescent lamps, they now incorporate energy-efficient LED technology.

Our stylish range provides pure, sparkling light that can enhance the 'look and feel' of your next commercial or residential installation. Whether you're fitting out a trendy café, restaurant or contemporary new home, these LED filament lamps will transform any space to suit the chosen occasion or mood.

Our LED filament lamp collection is all dimmable* and compatible with most dimmers on the market, making it easy to control the ambience from a soft ambient glow to a crisp, clear, sparkling light. For best performance, we recommend Diginet LEDsmart™ Dimmers.

These filament LED lamps provide omni directional light distribution to bring out the best of new and traditional fittings so they're ideal for retrofit solutions.

Our dimmable LED **FILAMENT** collection includes **26** variants
