

Sylflood

Bi-symmetrical Floodlight

The Sylflood is a versatile general purpose floodlight suitable for a wide range of applications and featuring High Pressure Sodium and Metal Halide lamp options from 150W to 400W.

Luminaire Construction

- High pressure die-cast aluminium body and frame
- 5mm safety glass in hinged frame
- Weatherproof and durable gasket system
- Anodised peened aluminium reflector system
- Polyester powdercoat in Black
- M20 cable gland

Features

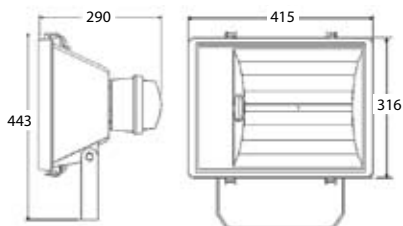

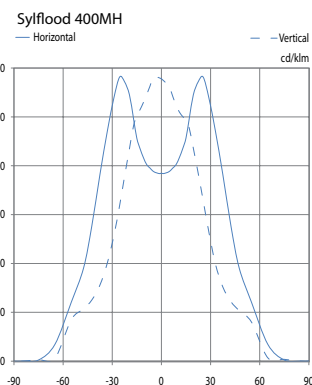

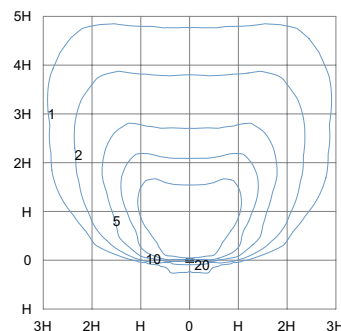

- Versatile medium beam distribution
- Visor retention via maintenance friendly latch fixing system
- Rear gear housing maintains excellent thermal integrity
- PE Cell option
- Louvred glare shield option
- Hood option
- Wire guard option
- 360° rotational trunnion option

Applications

Sylflood 400MH
H = 10m Aim = 60deg

H	Multiplier
8.0	1.56
10.0	1.00
12.0	0.69

CODE	DESCRIPTION	TYPE	BASE	LAMP	WEIGHT
SF150HPS	SYLFLOOD 150W HPS	High Pressure Sodium	E39	SHPT150	11.2kg
SF250HPS	SYLFLOOD 250W HPS	High Pressure Sodium	E39	SHPT250	11.5kg
SF400HPS	SYLFLOOD 400W HPS	High Pressure Sodium	E39	SHPT400	13.0kg
SF250MH	SYLFLOOD 250W MH	Metal Halide	E39	HSIT250	11.0kg
SF400MH	SYLFLOOD 400W MH	Metal Halide	E39	HSIT400	11.5kg

Options Available: * Remote only
