

# ZERA Bed

View from below

Installation height 1.8 m  
Wall-mounting over bed

Photometric data  
-10% / +20% tolerance

**ZERA Bed compact**

- suitable for nursing and rehabilitation facilities as well as the hospital sector
- modern very slimline design
- homogeneous, rectangular examination light with two different illumination intensities (300 / 1000 lx)
- single or combined switchable light scenarios
- can be integrated with DALI light management system
- VTL

**ZERA Bed technical**

Light distribution	direct/indirect
Luminous flux	7200 lm* / 9200 lm*
Luminous efficacy	General lighting 103 lm/W*
Illumination intensity	300 lx at the end of the bed or 1000 lx at the examination level
Light color	2700 K, 3000 K and 4000 K**
Color rendering	CRI > 80 and CRI > 90 (examination light)
Measurements	1050 x 228 x 20 mm (L x W x H)

\* -10 % / +20 % tolerance, \*\* depending on light scenario

**ZERA Bed**

Description	ORDER NO.	Technology	Light output	Luminous flux	Feature
ZERA Bed 36/33 W	D15.695.000	switchable	82 W	7200 lm	—
ZERA Bed 36/33 W	D15.696.000	switchable	82 W	7000 lm	without night light
ZERA Bed 36/33 W	D15.718.000	switchable	82 W	7200 lm	with rocker switch for examination light, USB connection
ZERA Bed 36/33 W	D15.720.000	dimmable DALI	82 W	7200 lm	night light = general lighting dimmed
ZERA Bed 36/33 W	D15.736.000	switchable	82 W	7200 lm	with rocker switch for examination light
ZERA Bed 36/60 W	D15.697.000	switchable	109 W	9200 lm	—
ZERA Bed 36/60 W	D15.698.000	switchable	109 W	9000 lm	without night light
ZERA Bed 36/60 W	D15.719.000	switchable	109 W	9200 lm	with rocker switch for examination light, USB connection
ZERA Bed 36/60 W	D15.721.000	dimmable DALI	109 W	9200 lm	night light = general lighting dimmed
ZERA Bed 36/60 W	D15.737.000	switchable	109 W	9200 lm	with rocker switch for examination light
