

## FLEXLED EXAMINATION LIGHT

With its compact LED design and flexible arm with unlimited range of movement, FlexLED allows accurate positioning of the lamp head above almost any work surface.

FlexLED also delivers a powerfully efficient 40,000 lux @ 1 metre and includes a hygienically sealed arm and head as well as a touch sensitive membrane switch for controls - making cleaning easy.

FlexLED is the ultimate affordable examination light solution.

### TOUCH MEMBRANE SWITCH

#### STAY SAFE

FlexLED's touch membrane switch gives quick access to ON/OFF and 4 stage dimming control. And with its easy-wipe and IP65-rated head, superior infection control has never been easier.

### DESIGNED AND MADE IN AUSTRALIA

FlexLED is designed and manufactured entirely in Australia and built to conform to and exceed rigorous Australian standards and testing.
