

THE NIPPER IS BACK!

COLOUR SELECT LUMEN SELECT

Designed by contractors, for contractors, the Nipper is back and better than ever!

At 1230mm x 130mm, the new Nipper easily covers the footprint of a traditional 'twin' fluoro batten - making installation hassle-free.

- Features an insect-proof, one-piece sealed LED module secured by a single screw.
- Large screw-in terminal block inside for quick and easy installation.
- 4ft Lumen Select for ultimate flexibility, and Colour Select across the range.
